

Register Your Plug-in Electric Vehicle Charging Station - **TODAY!**

Why Register?

Thousands of plug-in electric vehicles (PEVs) operate on California's roadways today and many more are expected in the coming years. Registering your new PEV charging station with the U.S. Department of Energy's national database will put your charger on the map and draw thousands of potential customers to your new station!

The Alternative Fueling Station Locator database and mapping tool is available online at:

www.afdc.energy.gov/afdc/locator/stations.

Registering is Easy and it's Free

How to register your charging station

Gather the required information about your charging station, which includes the following information:

- Station name, address, phone number, directions
- Types of charging available
- Hours of operation & station access information

Complete the Fueling Station Submission Form online at:

http://www.afdc.energy.gov/afdc/progs/station_form.php
